

Pioneer Trails Homeowners Association
Architectural Control Committee

Paint Selection Form

Body of House

The main portion of the house should be a neutral tone that is in harmony with existing structures. Black and bright colors are discouraged. The Committee will make every effort to process your request and contact you personally within one week. However in some instances it may take the maximum of 15 days using the following guidelines:

1. Paper paint chip samples will be required when submitting this Paint Selection Approval Form. In some cases, a larger sample may be required.
2. Your existing house color will not set a precedent for today or future colors. A new request is required even if your home's color was approved in the past and you are using the same colors.

Trim & Accent Colors

Trim and accent colors should blend and complement the color of the main portion of the home and may include darker tones and colors. A paint chip for trim and accent colors will also be required. Trim should include gutters, window trims, corner boards, or other trim sections of the house. Accents could include front door, shutters or other small parts of the house. Mail requests to:

Pioneer Trails Homeowners Association
c/o Port Gardner Management
P.O. Box 1007
Everett, WA 98206
