

Hello Fellow Homeowners,

Thank you to those who attended our May Board meeting. We had approximately 30 members on the zoom call. Draft minutes are attached and posted on our [website](#). Since we accomplished so much at this meeting, we won't be holding one in June.

The Board wants your feedback! Please take 5 minutes to complete our 12-question survey located here: <https://s.surveypal.com/z641irks>. One survey per household. We will share the results once we compile them.

We are looking for volunteers to help repair the benches and signs. Please let Tom or Richard know if you are willing to help.

Here's what has been accomplished in May:

- The new garbage can has been installed northeast of Pioneer Lake at the top of the Swale. This is where the trail exits on 122nd Place close to 42nd Drive. Thanks to Richard for assembling it.
- The tennis court lock has been reinforced. Thanks to Deric and Nora Bloomingdale.
- The mats for under the swings have been ordered and will be installed when they arrive.
- Signs for the playground by the tennis court have been installed. Thanks to Richard.
- Sight blocking trees at the trail entrance between division 2 and 5 (by the tennis courts) have been removed thanks to Gerard Guinasso, Randy Perrell, and Richard Paige.
- The first golf outing happened last week, thanks to Brooke Kimes for organizing it.

Thank you for your support!

Your PTHOA Board of Directors
